

Jean Claude KABAGEMA

Director General - EXODIK LTD.

With a distinguished career spanning over 17 years in the engineering field, I am a seasoned professional renowned for orchestrating the successful completion of construction projects. A visionary leader, I seamlessly integrate innovation and sustainability into every endeavour, ensuring optimal outcomes. My expertise lies in project management and construction, where I navigate complexities with finesse, prioritize safety, and uphold the highest industry standards. I am recognized for my ability to leverage cutting-edge technologies, foster collaborative environments, and lead multidisciplinary teams. As a forward-thinking individual, I bring adaptability and a commitment to excellence to every project, making me a valuable asset in the ever-evolving engineering landscape.
